

## Olathe East Band Los Angeles, California – March 3<sup>rd</sup>- 6<sup>th</sup> 2022

Our trip is almost here! Over a year of planning, preparation, fundraising, rehearsing, and anticipation have gone into our trip. At every step along the way, we've planned for this to be a once-in-a-lifetime experience of music, education, and fun. The information in this packet is designed to help you get the most out of our trip! It's also here to help everyone know exactly what the expectations are for each participant. Please read and be sure you understand all that is here!

### Photo I.D

It is critical that students bring the exact ID that they gave us earlier in the semester. We made a copy of their ID and that is the name that their plane ticket was purchased with. We had an issue on our last trip where a student could find that ID and just brought a different one that didn't match his plane ticket. Security will not let you on the plane without an ID that matches your plane ticket.

### Baggage

Each participant will be able to bring one suitcase. **With weight restrictions your suitcase needs to be less than 50 pounds! If it is over 50 pounds you will have to pay for the fees out of your own pocket before you can board the plane.** You may also bring one bag or backpack with you that is your personal item for the plane, but that will need to be with you in your seat on the plane so plan accordingly for size. Keep in mind that any souvenirs that you purchase must fit in your suitcase or backpack for the ride home. If both bags are stuffed on the way out this could cause problems on the way home. Flutes, oboes, and clarinets will be packing their instruments in either their personal item (backpack, small bag) or in their suitcase.

### Instrument Transportation

It is our suggestion that all Flutes, Piccolo, Clarinets, and Oboes carefully pack their instruments inside their suitcase. That will provide additional protection for those instruments. If you are concerned about putting them in your suitcase you can make room for them in your personal bag that you carry on to the plane as long as your case is not too bulky. Make sure to pack it carefully so it is surrounded by clothes. The following instruments will be loaded on to a van that is being driven to California by a band parent: Bassoon, Bass Clarinet, Tenor Sax, Bari Sax, French Horn, Trombones, Baritone, Tuba, Percussion.

If you are on the Southwest flight you are allowed 2 checked items, so you will check a suitcase and your trumpet or alto sax. If you are not on the Southwest flight you will put your trumpet or alto sax in the equipment van. Checking these trumpets and alto saxes on the Southwest flight will help us fit everything we need into one equipment van.

It is important to make sure you have a good functioning case with latches that work so that your instrument is not damaged in transport. We will be loading your instrument in the van on Monday, February 28<sup>th</sup> in the afternoon and you will not have access to it again until we are in California.

If you have a high quality instrument you are concerned about I would encourage you to add insurance coverage; the most common way is through a rider on homeowner's/renter's insurance policies. There may be some coverage through the district but I wouldn't count on that covering the entire cost of a nicer instrument.

### Uniforms

Gentlemen, go through the following checklist as you pack, making sure you include these items:

- Tux shirt
- Tux jacket
- Tux pants
- Bow tie
- Black cummerbund
- Black socks (crew length please- not ankle length)

- Black shoes (no black tennis shoes, use your marching shoes if you need to)

Ladies, besides your concert dress, please make sure you have appropriate black shoes/nylons for our performance. Flip-flops, for example, are not appropriate. Nylons are not required for ladies but if you choose to wear them, please wear black.

### Sight-seeing

We will be spending a significant amount of time on foot. Appropriate footwear will be very important in your ability to keep up with the rest of your group and enjoy your time at the parks. Sandals and flip-flops are not the best options. Most importantly do not forget to bring sunscreen! Remember that once we leave the hotel each morning, we will not be returning until late at night so bring everything with you that you will need. You will need to think and plan ahead for your clothing each day. Rain is also a possibility in California. Flexibility is key – California can be fairly cool in early March so bring layers that you can take off if you get warm. The average high is 70 and the average low is 43, so it will feel warmer than we are used to during the days, but it can feel cool in the evening after the sun goes down. Several other groups will be using the same charter buses that we will be using each day so it is very important to never leave anything on the bus except for the day that we go to perform at Long Beach State. That day the buses will stay with us all day and we will plan to bring a change of clothes with us that is concert appropriate to wear when we are finished with our concert uniforms after our performances.

### Spending money and meals

How much do you need? It all depends on your eating habits. Below is a list of meals broken out by day detailing which are included in the price of the trip and which are not. We had originally had a group meal all together but that didn't end up working with our schedule, so it was changed to a chaperone group meal. You will also need money (and packing space!) for any souvenirs, shopping, etc. It is advised not to carry large sums of money. Ladies should carry your purse with the strap across your body. Gentlemen should carry some cash in your wallet and some in one of your front pockets. Another good option is to pay for a locker. Drink lots of water to keep yourself hydrated. No one wants to travel that far to be sick, take care of yourself by eating a good breakfast and staying away from a lot of pop/energy drinks.

#### **Thursday**

- Breakfast - bring food with you in your personal bag. There are not good food options in the KC airport so best to not rely on being able to purchase something to eat.
- Lunch - \$15 Disney Dining Card- May need to bring more to supplement depending on your dining habits
- Dinner - \$15 Disney Dining Card- May need to bring more to supplement depending on your dining habits

#### **Friday**

- Breakfast - provided at hotel
- Lunch - \$15 Disney Dining Card- May need to bring more to supplement depending on your dining habits
- Dinner - \$15 Disney Dining Card- May need to bring more to supplement depending on your dining habits

#### **Saturday**

- Breakfast - provided by the hotel
- Lunch - at your own expense
- Dinner - provided by Bob Rogers

#### **Sunday**

- Breakfast - provided at the hotel
- Lunch - \$15 Visa card
- Dinner - early dinner at airport at your expense

### Emergency Contacts

If problems arise, the first person you should always contact is your chaperone (they will give you their cell numbers before we board the buses to leave Olathe East). They will then contact either Mr. Smikahl or the nurse depending on the situation. Mr. Smikahl: 913-522-1449 Mrs. Creek: 913-302-2458

### Trip Rules

Traveling with a large group is different than traveling alone or with family. A trip of this magnitude requires much planning and coordination to run smoothly. By observing the following rules, our trip will be an enjoyable experience for everyone.

Students who make choices in conflict with these rules are subject to disciplinary action both while on the trip and after returning to school. Consequences for such choices while on the trip can range from reassignment of bus seats, chaperone groups, or confinement to hotel room while on scheduled activities. No refunds will be issued to students who miss paid activities for disciplinary reasons. Consequences upon returning to school can include detention, suspension, and removal from the Olathe East Band program. In some cases, the severity of student behavior choices may warrant the student being dismissed from the trip and sent home. This is at the discretion of Mr. Smikahl and Mr. Taylor. If a student is dismissed from the trip, that student's parents are responsible for the cost of the student's return flight and any related expenses.

**MOST importantly, always display total class and utmost respect for our tour guides, bus drivers, chaperones, clinicians, and anyone else with whom we interact. NEVER use inappropriate language, wear inappropriate dress, or conduct yourself in a manner that is less than what is expected every day at Olathe East. You are ambassadors for our band program, our school, our community, and for yourselves.** Simple things like manners, common respect, and good sense will go a long way. Keep it Classy!

1. Students are under the direct supervision of Mr. Smikahl, Mrs. Creek, Mr. Taylor, and the other adult chaperones at all times. They should remain courteous and follow directions precisely in order for the trip to run smoothly. Do not grumble and complain about minor things – with a group this large it is impossible to please everyone in every situation. Any insubordination toward any adult chaperone, tour guide, security guard, or other authority figures will carry immediate consequences, so avoid challenging their authority. Look for ways that you can be helpful!
2. Students who engage in activities that might endanger, injure, or cause harm to themselves, other students, or persons encountered on the trip may be suspended from participation of trip activities or **sent home at his/her own expense** on the next available flight. This includes any illegal activities such as shop lifting.
3. Every student in band was required to sign a form stating their awareness of the Olathe District Schools Substance Abuse Policy. Students participating in band are not permitted to use or possess tobacco, alcohol, illegal drugs, or substances that are harmful or dangerous to their health. This policy will be strictly enforced on this trip. There will be **NO WARNINGS** – a first offense will result in a student being **sent home at his/her own expense** on the next available flight. **This includes vaping!**
4. While at our hotel, there will be common areas defined by Mr. Smikahl where boys and girls can hang out until it is curfew time. All students are assigned a hotel room. The only students ever allowed in your room are the roommates assigned to you by Mr. Smikahl. This policy is in effect at all times, with no exceptions. Failure to abide by this rule will result in one or more of the disciplinary actions listed above.
5. The hallways and stairwells are not common areas as large groups gathering in these areas can be disruptive to other guests. Please remember that we are not the only people using the hotel.
6. At the end of each day there will be a group meeting during which Mr. Smikahl will define the curfew for the evening. This may be adjusted depending on arrival time to the hotel and other factors. Once the curfew is set no students are to be out of their assigned hotel room between room check and 5 a.m. the next morning unless there is an emergency. Purchase any pop/snacks and load your ice bucket before curfew. We have hired security to patrol the hallways during the night, and chaperones will be patrolling as well to ensure the curfew is followed.
7. At the hotel before you check out of your room a chaperone must perform a walk through inspection for neatness/damages. Any damages will be the financial responsibility of those staying in the room. After your room has been inspected proceed to the lobby with your luggage. Return your key to your chaperone and be ready to load the bus. This process is also designed to protect you from charges from the hotel you do not agree with.
8. While in the parks, students are expected to travel with their chaperone **at all times**. If a student becomes separated from their chaperone they should immediately contact their chaperone or Mr. Smikahl by phone. Failure to follow this rule may result in the student being removed from their chaperone group and traveling with Mr. Smikahl for future sight-seeing stops.
9. There are portions of the trip where we are on a tight schedule, and meals and activities must happen on schedule in order for our hosts to be able to accommodate such a large group of people. You should always arrive 5 minutes earlier than the report time. Remember to factor in time for the elevator to move our large group between floors. Please do not cause a disruption to our trip by being late.
10. **ALL** students will be expected to follow all applicable school rules and policies regarding contact and displays of affection. Repeated violation of this rule may result in students being separated and monitored by chaperones for the remainder of the trip.
11. Students will be held financially responsible for any damages or charges that occur as a result of their actions.
12. This list of rules cannot cover every conceivable situation that may be encountered. In any case, Mr. Smikahl and Mr. Taylor reserve the right to change or add special rules or policies as necessary to ensure the safety of all students.

#### COVID-19 Considerations

We have always had a few students who have fallen ill during trips in the past. This is why we make taking a nurse a priority and build it into the cost of the trip. If a student is sick enough that they have to stay at the hotel and not go to the parks the trip nurse will stay there with them and make sure they get what they need. With this in mind, our trip nurse will probably be busy enough dealing with those "regular" illnesses that she will not have the capacity to care for students who are dealing with COVID.

- We cannot require you to test for COVID before leaving on the trip but it is strongly recommended. While it would be disappointing to test positive and miss out on the trip completely, the health of yourself and the rest of the traveling party are most important. If you purchased trip insurance it would also make it more likely that you could get some of your money returned. We strongly recommend taking a test through the district COVID testing site on Monday, February 28<sup>th</sup> in order to make sure we have the test results in before we leave very early Thursday morning. To do this you would need to make a testing appointment ahead of time. This is a lab-certified test and is the most accurate currently available.
- You can also be tested through your medical provider. Their turn around on test results vary depending on the provider so you would need to check with them to make sure your results would be available by Wednesday evening.
- While not lab certified, home rapid tests would be an acceptable option and could be done as late as Wednesday evening if you are able to acquire a kit.
- If you need to cancel going on the trip, notify Mr. Smikahl immediately and he will work with Bob Rogers Travel to make the appropriate insurance claim if you purchased the travel protection.

The contest we are attending on Saturday is requiring proof of testing for all students (regardless of vaccination status) in order to perform. This is not optional and will be strictly enforced by those putting on the festival. They are also requiring performers to wear masks, use bell covers, and will be positioned three feet apart on stage. We plan to do testing on Saturday morning before we leave for the festival. Because we will have to test everyone, there is a good chance that at least a couple students will end up testing positive after spending two full days in Disneyland prior to being tested. If you test positive for COVID while on the trip, here is the process that has been established:

- If you test positive for COVID-19 while in California it is likely you will not be able to fly back when we are scheduled to do so. That will necessitate additional costs for room and board for both you and an adult to stay with you, or a parent may need to come to California and take responsibility for you outside the dates of the trip. These costs may be passed on to you and your family.
- We will work with Bob Rogers Travel and the hotel to place the COVID positive individual in a hotel room by themselves for the remainder of their time in California, and will work with the Bob Rogers Travel Case Response Plan included below.

We are encouraging students who are vaccinated to take a picture of the front and back of their vaccination card. We would like to also take a photocopy of it and place it in a binder as an additional back-up. We will plan to make those photocopies on Monday and Tuesday of next week (February 28<sup>th</sup> and March 1<sup>st</sup>).

For parents traveling to watch us perform. The last information I received about COVID mitigations for audience members is below. It may have changed or it may still change but this is the most recent information I have: Audience members will need to either be vaccinated or take a PCR test within 72 hours (not both). That means the "clock" starts at 7:30 PM on Wednesday. So, the better option might be for those audience individuals to take a test after you arrive in LA on Thursday.
