Message sent from Olathe Public Schools

Parents and Student-

Another great week! It will be a big adjustment for full in person learning for most of us next week. We are going beyond even district guidelines on mitigation plans to be as safe as we can possibly be. Please see below for important information about our upcoming concert recording session and about how to sign up for the trip!

Concert Recording

We will be doing another recording project for our next virtual concert. The recording event will be happening on **Thursday, March 11th**. We have spoken to the students in class about this event but wanted to make sure parents were aware as well. I am still working on the schedule of when each group will perform. I will email that out early next week. We are doing our best to work around conflicts with other activities. This event includes students in all hours of band.

Trip Registration

We have reached the point where we need students to register for next year's trip so we can start looking at airfare options. Attached is a document from our tour company Bob Rogers Travel. Please look carefully through the document and then get signed up. Included in the document is the payment schedule. If you are in need of financial assistance for this trip and you haven't reached out to me yet please do so as soon as possible so we can make sure and get you lined up for assistance. While we will handle financial assistance here in house at Olathe East, all other funds will be sent directly to Bob Rogers and will not go through the school at all. I have emailed it out before, but I also included the PDF of the initial trip meeting in case you haven't seen it yet and have questions about the trip. A reminder that we will not be able to begin the selection process for the fully funded chaperone positions until we know how many students are going and what grade level they are in school.

In addition to the registration document is a document about travel insurance. Here is what our tour organizer emailed me:

Attached is the information about the travel protection and the Cancel For Any Reason coverage. We would strongly encourage they consider this additional small investment to protect the larger one. The CFAR needs to be purchased at the same time as their first deposit, and the opportunity to make that purchase is embedded as part of the registration process.

Please let me know if you have any questions.

Thanks,

Mr. Smikahl
