Parents and Students:

Here are last minute details for the event on Tuesday. Not all percussion students in 6th hour are performing but I do not have a way to filter the email list. Please delete this email if it does not apply to you/your child.

1. Parents attending are encouraged to park in the parking garage. Still no indication from the city if they will be charging for parking for this event (the garage is not controlled by the Kauffman Center). However, some of the surrounding street level parking lots have had issues with theft and car break ins so it is strongly encouraged to use the garage, it is much more secure.
2. Students will need to bring a sack lunch with them to eat as we will be on a tight time schedule. We will dismiss you early and have you come and eat in the band room and then get changed. They do not have changing facilities for us on site. We plan to leave East at 11:30 to allow plenty of time for traffic.
3. Below is the schedule of actual performances times for each group. Students we will be seated in the audience watching the other groups when we are not performing. We are representing East at this prestigious event so please have great concert etiquette including staying quiet during performances and staying off of your phone for the entire time we are in the concert hall.

  - 12:45 pm OE and LS bands to reserved seats in hall
