Message sent from Olathe Public Schools

Parents and Students-

Information and reminder continue to come in so I may need to several more emails before we embark on Thursday.

1. I put it in the packet but didn't mention it specifically in my trip meeting. On Saturday we will be attending a concert in the evening after the festival we are participating in is over. I am asking students to bring something to wear to that concert so we don't have to stay in our concert tuxes and dresses all day. It doesn't have to be overly fancy, but something that looks nice like a polo and some slacks.
2. We are asking that students that bring snacks please refrain from bringing snacks with nuts of any kind in them as we have several students with nut allergies on the trip.
3. I have had a few parents email about their child paying for a checked bag on Delta instead of using a carryon. That is fine with me. There is not a way to pre-pay so they need to have a credit card/debit card with them that they can pay for that at the ticket counter.
4. A reminder for students that are not checking a bag on the Delta flight that there is limitation on the size of bottles of fluid that can be carried on. Please make sure you look at this and put fluids in the correct sized bottle or they will not get through security. This is probably the biggest issue that can hold us up as we try to get 150 people through security at the same time.

No liquid containers over 3.4 oz are allowed! You are allowed to bring a quart-sized bag of liquids, aerosols, gels, creams and pastes in your carry-on bag and through the checkpoint. These are limited to travel-sized containers that are 3.4 ounces (100 milliliters) or less per item. Placing these items in the small bag and separating from your carry-on baggage facilitates the screening process. Pack items that are in containers larger than 3.4 ounces or 100 milliliters in checked baggage.

<https://www.tsa.gov/travel/security-screening/liquids-rule>

5. I just received this today. All travelers need to fill out this link

The city of Los Angeles requires that all travelers passing through the airport complete an online form. It's very simple, only asks for contact info and an acknowledgement that they abide by CDC travel guidance. There is a live link in the document above or you can send out this link to the site

<https://travel.lacity.org/>

Last is the final information from Bob Rogers that is for our trip. There is a variety of information in this document that is attached. Please read through it and make sure you are aware of all of this information.

Thanks,  
Mr. Smikahl

Los Angeles International Airport	Transportation	Y	Y	N	Y	N

### KANSAS CITY AIRPORT

- Federal law requires wearing a mask at all times in the airport, regardless of vaccination status. All individuals (including travelers, visitors, employees, and contractors) are required to wear a face covering upon entering the terminal and while onboard the aircraft. Failure to comply may result in removal and denial of re-entry. Refusing to wear a mask while at the airport is a violation of federal law; individuals may be subject to penalties under federal law.
- **Transportation Security Administration**
  - The TSA has made some adjustments to security screening touchpoints to support physical-distancing and are routinely cleaning and disinfecting frequently touched surfaces and security screening equipment. Learn more at [tsa.gov/coronavirus](https://tsa.gov/coronavirus).
  - You will be asked to adjust your mask for ID verification or if it alarms the security screening equipment.
  - TSA has implemented procedures to increase social distancing and reduce direct contact between our employees and the traveling public whenever possible – without compromising security. Adjustments include increasing distance between passengers as they enter the security checkpoint queue and throughout the screening process, placing visual reminders of appropriate spacing on checkpoint floors, and opening more checkpoint lanes where possible to reduce time spent in line.

## **KANSAS CITY AIRPORT continued**

- Remove belts and all personal items from your pockets such as wallets, keys or phones before you enter the checkpoint queue and place them in your carry-on bag. (Does not apply to TSA PreCheck® members).
- As a temporary exemption from the 3-1-1 rule, TSA is allowing one oversized liquid hand sanitizer container, up to 12 ounces per passenger, in carry-on bags. Since these containers exceed the standard allowance typically permitted through a checkpoint, they will need to be screened separately. This will add some time to your checkpoint screening experience. Please keep in mind that all other liquids, gels and aerosols brought to a checkpoint continue to be limited to 3.4 ounces or 100 milliliters carried in a one quart-size bag.
- As a temporary exemption from the 3-1-1 rule, TSA is allowing one oversized liquid hand sanitizer container, up to 12 ounces per passenger, in carry-on bags. Since these containers exceed the standard allowance typically permitted through a checkpoint; they will need to be screened separately. This will add some time to your checkpoint screening experience. Please keep in mind that all other liquids, gels and aerosols brought to a checkpoint continue to be limited to 3.4 ounces or 100 milliliters carried in a one quart-size bag.
- Health Screenings: No one should enter the airport if they are sick or symptomatic. The Airport is not conducting health screenings of passengers entering the terminal and does not have plans to at this time. At least one airline has announced plans to screen passengers, and it's possible that other airlines could follow. Airport employees are undergoing health screenings.
- Social Distancing: Passengers are expected to stay six feet away from other people to the greatest extent possible.
- Continue to practice good hygiene: It is important to wash your hands frequently and avoid touching your face.

## **SOUTHWEST AIRLINES**

**Masks:** Federal law requires each person (ages 2 and over) to wear a mask at all times in the airport and throughout the flight, including during boarding and deplaning. Refusing to wear a mask is a violation of federal law and may result in denial of boarding, removal from the aircraft, and/or penalties under federal law. A properly worn mask completely covers the nose and mouth, is secured to the head, and fits snugly against the side of the face.

Cloth masks should be made with two or more layers of a washable, breathable fabric. Neck gaiters (also called multi-bands) may be worn as masks as long as they have two layers of fabric or may be folded to make two layers and cover the nose and mouth and are secured under the chin.

In addition, if your mask meets the requirements noted above, the following are acceptable:

- Clear masks or cloth masks with a clear plastic panel to facilitate communication with people who are hearing impaired or others who need to see a speaker's mouth to understand speech.
- The following are some examples of coverings that are not accepted:
  - Masks not made of a solid piece of material, including those with slits, exhalation valves, or punctures.
  - Face shields (face shields may be worn in addition to a mask that meets the above required attributes).
  - Bandanas, scarves, ski masks, or balaclavas.
  - Shirt or sweater collars (e.g., turtleneck collars) pulled up over the mouth and nose.

## **SOUTHWEST AIRLINES continued**

- Masks made from a single layer or thin fabric that do not block light.
- Masks that do not fit properly (large gaps, too loose or too tight).

The following are times when a Customer may need to briefly remove their mask:

- When necessary for identity verification purposes such as during Transportation Security Administration screening or when asked to do so by our Employees or any law enforcement official
- While eating, drinking, or taking oral medications. Prolonged periods of mask removal are not permitted for eating or drinking; the mask must be worn between bites and sips.
- While communicating with a person who is hearing impaired when the ability to see the mouth is essential for communication
- If, on an aircraft, wearing of oxygen masks is needed because of loss of cabin pressure or other event affecting aircraft ventilation
- If unconscious (for reasons other than sleeping), incapacitated, unable to be awakened, or otherwise unable to remove the mask without assistance
- Medical masks and N95 respirators.

**Meals:** A selection of non-alcoholic beverages and snacks are served on flights over 250 miles, when available. Straws are available on request.

## **DOUBLETREE HOTEL NORWALK**

- Regardless of vaccination status masks are to be worn at all times in the public spaces of the hotel.
- Housekeeping is only available upon request on the day/night prior to the requested cleaning date. Additional towels and essentials will be placed in guest rooms according to occupancy level. Additional items can be placed upon request.
- Breakfast is a self-serve American Buffet.

## **DISNEYLAND PARK, DISNEY CALIFORNIA ADVENTURE PARK & DOWNTON DISNEY**

- The State of California strongly recommends that all Guests be fully vaccinated or receive a negative COVID-19 test prior to entering the Disneyland Resort.
- Face coverings are required for all Guests (ages 2 and up) while indoors, including on many attractions and in enclosed transportation vehicles, regardless of vaccination status.
  - Guests must properly wear approved face coverings as required, refrain from using offensive/abusive language and follow all other Park rules.
  - Disney reserves the right to require a Guest to leave if they fail to comply.
  - All face coverings (whether disposable or reusable) must:
    - Be made with at least 2 layers of breathable material
    - Fully cover the nose and mouth and secure under the chin
    - Fit snugly but comfortably against the side of the face
    - Be secured with ties or ear loops and allow the Guest to remain hands-free
  - At this time, based on guidance from health authorities, neck gaiters, open-chin, triangle bandanas and face coverings containing valves, mesh material or holes of any kind are not acceptable face coverings.
  - Costume masks are not considered appropriate and are prohibited from being worn.
  - Face coverings may have an integrated transparent plastic panel to aid in viewing the wearer's mouth. These face coverings should:

## DISNEYLAND PARK, DISNEY CALIFORNIA ADVENTURE PARK & DOWNTON DISNEY continued

- Be a fabric face covering featuring a solid plastic panel containing no openings that is attached to the fabric on all sides using tight knit stitching
- Meet all face covering requirements listed above
- Face coverings remain optional for all Guests in outdoor common areas.
- Certain parks, hotels, restaurants, attractions, experiences, and other offerings may be modified or unavailable, have limited capacity, and are subject to limited availability or even closure, and park admission and offerings are not guaranteed.
- Select attractions and certain experiences—such as parades and nighttime spectaculars—will return at a later date.
- Character meet-and-greets are temporarily unavailable, but characters are in the parks in new ways to entertain and delight Guests.
- We recommend downloading the Official Disneyland App
  - Helpful features of the official Disneyland app include:
    - Access to Virtual Queue: Select attractions may require you to join a virtual queue in the app to experience them.
      - [Star Wars: Rise of the Resistance](#)  
Guests are required to join the *Star Wars: Rise of the Resistance* virtual queue via the [Disneyland app](#).
      - [WEB SLINGERS: A Spider-Man Adventure](#)  
Guests may be required to join the WEB SLINGERS: A Spider-Man Adventure virtual queue via the Disneyland app and are encouraged to periodically check the Disneyland app on the day of their visit for attraction access status.
      - Guests may not hold a boarding group for WEB SLINGERS: A Spider-Man Adventure and *Star Wars: Rise of the Resistance* at the same time and will need to **enter those virtual queues one at a time**.
      - The only way to experience *Star Wars: Rise of the Resistance* is via the virtual queue. A standby queue is not available for *Star Wars: Rise of the Resistance*.
      - WEB SLINGERS: A Spider-Man Adventure may use both a virtual queue and a standby queue on the same day.
      - Access to a boarding group is subject to availability and not guaranteed.
      - Distribution times are subject to change or cancellation.
      - Joining the virtual queue does not guarantee the ability to experience the attraction.
      - **Get Ready Prior to Visiting the Park**
        - Register or sign in to your Disney account
        - Download the [Disneyland app](#) and update to the latest version
        - Ensure notifications are enabled to receive virtual queue call back details
        - Use the app to link and assign all park tickets in your party to a Disney account
        - Have valid ticket and a theme park reservation for the applicable park for the day you want to visit.
      - For the *Star Wars: Rise of the Resistance* virtual queue, please confirm your designated party up to one hour prior to your distribution time—6:00 AM or 11:00 AM respectively.
        - **Designate a Party Member**  
Select one member of your party to access the virtual queue for everyone in your group at one of the distribution times. If multiple people in your party try to join the virtual queue, simultaneously, that may complicate your ability to

## **DISNEYLAND PARK, DISNEY CALIFORNIA ADVENTURE PARK & DOWNTON DISNEY continued**

secure a boarding group. The member of your party accessing the virtual queue must have all park tickets in the party linked to their Disney account.

### ▪ **Distribution Times**

- For *Star Wars: Rise of the Resistance*, virtual queue enrollments are at 7:00 AM and 12:00 PM each day, subject to availability.
- For WEB SLINGERS: A Spider-Man Adventure, virtual queue enrollments will begin when the virtual queue is activated, if it is used that day. Guests are encouraged to periodically check the Disneyland app on the day of their visit for attraction access status.

### ▪ **Location**

- [Learn where Guests must be located to join the virtual queue for \*Star Wars: Rise of the Resistance\*.](#)
- Guests must have entered [Disney California Adventure Park](#) to join the virtual queue for WEB SLINGERS: A Spider-Man Adventure.
- In order to give as many Guests as possible the opportunity to experience these attractions, Guest can enter the virtual queue no more than once per day for each attraction, subject to availability.
- Get more specific virtual queue planning details for attractions at:
  - [Star Wars: Galaxy's Edge](#)
  - [Avengers Campus](#)
- Mobile Order Service for Dining: Please order ahead to save time when you order and pay for your food and beverages with our mobile order service, available at select locations in the parks.
- Food & Merchandise Guide: Use this handy guide to locate some of your favorite snacks and keepsakes.
- Details You Need: View hours of operation, schedules, and descriptions for shops, dining locations and more.
- Exploring Made Easy: Find what you're looking for quickly with GPS-enabled maps that show your location and the restaurants, shops and more near you.
- Make Dining Reservations: Reserve a table at select dining locations in the Disneyland Resort directly from the app before your next visit. If your plans change, cancel them easily.
- Check in for Dining Reservations: Maximize your time by checking in for dining reservations at select table-service restaurants via the Disneyland app. Learn more.
- Join a Mobile Dine Walk-Up List: Don't have a dining reservation? You now have the opportunity to add your party to the mobile walk-up list at select table-service restaurants (subject to availability on the Disneyland app). Learn more.
- Scannable Codes for Select Restaurant Menus: While at select table-service and quick-service restaurants, you can scan a code using your mobile device to access the digital menu.

### • **Disneyland Park – Temporarily Unavailable**

- Finding Nemo Submarine Voyage
- Tarzan's Treehouse
- Donald's Boat
- Fortune Tellers
- Goofy's Playhouse
- Haunted Mansion
- It's a Small World
- Star Wars Launch Bay

## **DISNEYLAND PARK, DISNEY CALIFORNIA ADVENTURE PARK & DOWNTON DISNEY continued**

- **Disney California Adventure Park – Temporarily Unavailable**
  - Luigi's Rollickin' Roadsters
  - Mater's Junkyard Jamboree
  - Red Car Trolley
  - Soarin' Over California
  - Waly Disney Imagineering Blue Sky Cellar

## **PACIFIC COAST REGIONAL WIND BAND FESTIVAL**

- **Documentation provided to CSULB as part of your festival packet**
  - Electronic liability waivers for each student (provided by CSULB)
  - Negative test data (see below)
- **Facial Covering Requirements**
  - All participants will wear facial coverings and follow CSULB facial covering guidelines throughout the event.
  - Performers will wear appropriate face covers while playing.
- **Instruments will have bell covers.**
- **Distancing**
  - Music chairs and stands will be set-up to provide 3' minimum distancing between musicians for performance, and all must be appropriately masked (see above).
- **Testing**
  - All participants must show a negative COVID-19 PCR 48 hours prior to the event OR a negative Antigen Rapid Test 24 hours prior to the event.
  - If a participant or guest tests positive for COVID-19, they may not participate in this activity.
- **Daily Screening**
  - All participants must complete the daily COVID-19 pre-screen available electronically, web. link will be provided.
- **Audience**
  - Audience is required to be fully vaccinated or provide proof of negative COVID-19 PCR test taken within 72 hours prior to entering the theatre.

## **SANTA MONICA PIER**

- State guidelines require masks in all indoor areas.
- Masks recommend for visitors who have not been vaccinated when visiting busy places.
- Social distancing recommended.
- Be Prepared to Show Proof of Vaccine Status or a Negative Test Result for indoor locations:
  - Beginning December 6, 2021, all in-bound international passengers (including U.S. citizens and permanent residents) must provide a negative COVID-19 test result within 24 hours of departure, regardless of vaccination status. View the U.S. Travel Association's International Traveler FAQs.
  - The Los Angeles County Department of Public Health requires verification of vaccination, or a negative COVID-19 test result for select high-risk settings. That health officer order stated that beginning October

## **SANTA MONICA PIER continued**

7, 2021, all attendees at outdoor mega events (10,000+ attendees) must show proof of full vaccination against COVID-19 or a negative test result within 72 hours prior to entry; children under 12 years of age are exempt. This is already required for attendees at indoor mega events.

- As of November 4, 2021, an updated health officer order requires patrons 12 and older entering any indoor bars, nightclubs, or wineries in Los Angeles County to show proof of full COVID-19 vaccination.
  - The county's public health department accepts the following documentation as proof of full vaccination:
    - The white CDC COVID-19 vaccination record card
    - The yellow World Health Organization vaccine card
    - Documentation of vaccination from a health care provider
    - A California Immunization Registry (CAIR2) vaccination record
    - A digital vaccination record issued by California Department of Public Health
    - A digital vaccination record from an approved company like Healthvana, Carbon Health, CommonPass, CLEAR Health Pass or VaxYes.

## **LOS ANGELES INTERNATIONAL AIRPORT**

- **City of Los Angeles Traveler Form:**

To help stop the spread of COVID-19, Los Angeles requires all travelers entering the city from another state or country to fill out this [online form](#), acknowledging that they have read and understood the Centers for Disease Control and Prevention's (CDC) Travel guidance. All travelers over the age of 16 must submit this form online prior to or upon arrival at Los Angeles International Airport, Van Nuys Airport, or Union Station. Learn more at [travel.lacity.org](https://travel.lacity.org).
- **Public Health Guidance for Travelers:**
  - The LA County Department of Public Health and the State of California advise that you follow the Centers for Disease Control and Prevention's (CDC) travel guidance:
    - If you're fully vaccinated, follow the [CDC domestic and international travel guidance for fully vaccinated people](#).
    - If you're not fully vaccinated, but choose to travel, follow the [CDC domestic and international travel guidance for unvaccinated people](#).
- **Face Coverings:**
  - Per federal [law](#) everyone inside LAX's terminals, on ground transportation and in LAWA office buildings must wear a proper facemask. Failure to wear a proper facemask may result in denial of entry, being escorted off the property, and possible penalties under federal law.
  - CDC guidance on face coverings can be found [here](#). Facemasks should not be placed on children under age 2, on anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the covering without assistance.
  - You should have a mask on when entering LAX's Central Terminal Area and it is highly recommended that you bring extra masks for your journey and your return trip. Masks are also available at many of the retail stores in LAX terminals.
  - **Face masks need to meet these requirements to comply with law:**
    - A properly worn mask completely covers the nose and mouth.
    - Cloth masks should be made with two or more layers of a breathable fabric that is tightly woven (i.e., fabrics that do not let light pass through when held up to a light source).

## **LOS ANGELES INTERNATIONAL AIRPORT continued**

- Mask should be secured to the head with ties, ear loops, or elastic bands that go behind the head. If gaiters are worn, they should have two layers of fabric or be folded to make two layers.
- Mask should fit snugly but comfortably against the side of the face.
- Mask should be a solid piece of material without slits, exhalation valves, or punctures.
- **The following attributes are additionally acceptable as long as masks meet the requirements above.**
  - Masks can be either manufactured or homemade.
  - Masks can be reusable or disposable.
  - Masks can have inner filter pockets.
  - Clear masks or cloth masks with a clear plastic panel may be used to facilitate communication with people who are hearing impaired or others who need to see a speaker's mouth to understand speech.
  - Medical masks and N-95 respirators fulfill the requirements of the Order.
- **The following do not fulfill the requirements of the Order.**
  - Masks worn in a way that does not cover both the mouth and nose
  - Face shields or goggles (face shields or goggles may be worn to supplement a mask that meets above required attributes)
  - Scarves, ski masks, balaclavas, or bandannas
  - Shirt or sweater collars (e.g., turtleneck collars) pulled up over the mouth and nose.
  - Masks made from loosely woven fabric or that are knitted, i.e., fabrics that let light pass through
  - Masks made from materials that are hard to breathe through (such as vinyl, plastic or leather)
  - Masks containing slits, exhalation valves, or punctures
  - Masks that do not fit properly (large gaps, too loose or too tight)
- Restaurants and Retail at LAX: Some airport shops and restaurants are open with reduced hours and food service only for grab-and-go and orders to go. Please visit our Shop and Dine site for more information.
- LAX Hours of Operation and Access: Entry to LAX is limited to airline passengers and persons meeting, accompanying, or assisting them, and airport personnel whose employment requires their presence. LAX is closed to the general public 24 hours a day, 7 days a week.
- Floor Markings: Physical distance floor markings are being added to some passenger areas with lines to ensure appropriate space between guests.
- TSA has implemented procedures to increase social distancing and reduce direct contact between employees and the traveling public whenever possible – without compromising security. Adjustments include increasing distance between passengers as they enter the security checkpoint queue and throughout the screening process, placing visual reminders of appropriate spacing on checkpoint floors, and opening more checkpoint lanes where possible to reduce time spent in line.
- TSA is implementing a phased installation of acrylic barriers at various points throughout the checkpoint that require interaction between passengers and TSA officers. Travelers should keep possession of their boarding pass, place it on the document scanner and show the boarding pass to the TSA officer for visual inspection while at the travel document checking station.
- TSA officers are required to wear face mask and gloves. They may also choose to wear eye protection or clear plastic face shields. In addition, TSA officers change their gloves following each pat-down and upon passenger request.
- TSA has increased the frequency and intensity of cleaning and disinfecting of frequently touched surfaces throughout the checkpoint including security screening equipment and bins. TSA officers are also required to change Explosives Trace Detection swabs after each use.

## **LOS ANGELES INTERNATIONAL AIRPORT continued**

- As a temporary exemption from the 3-1-1 rule, TSA is allowing one oversized liquid hand sanitizer container, up to 12 ounces per passenger, in carry-on bags. Since these containers exceed the standard allowance typically permitted through a checkpoint, they will need to be screened separately. This will add some time to your checkpoint screening experience. Please keep in mind that all other liquids, gels and aerosols brought to a checkpoint continue to be limited to 3.4 ounces or 100 milliliters carried in a one quart-size bag. [TSA's special procedures for traveling with medication](#).
- If your driver's license or state-issued ID expired on or after March 1, 2020, and you are unable to renew at your state driver's license agency, you may still use it as acceptable identification at the checkpoint. TSA will accept expired driver's licenses or state-issued ID a year after expiration. DHS has extended the REAL ID enforcement deadline to May 3, 2023. Learn more about REAL ID on [TSA's REAL ID](#) webpage.
- Prepare to lower your facial covering at the TSA checkpoint so officers can verify your identity with your photo ID.

*Individuals and groups must abide by the laws and mandates of the city, state, and vendors they are interacting with. If school guidelines require mandates that exceed those of the vendors and locations being visited, groups are free to practice those.*

*Accurate as of date of writing. Operating hours, attraction opening and closure, policies, and mandates subject to change. In connection with your travel purchase through Bob Rogers Travel, please be advised that you must follow CDC guidelines and the recommendation of health officials, local counties, governments, and vendors. Please note that any public location where people are present provides an inherent risk of exposure to COVID-19 and Bob Rogers Travel cannot guarantee that you will not be exposed during your visit.*
